“All work and no play make Jack a dull boy!”

Dear parents,

Sports are significant as children benefit from them on a physical, mental, and emotional level. Physical benefits include improved endurance and better coordination, as well as stronger bones, muscles, and joints.

We understand the value of sports in the lives of our students. Our school has planned a comprehensive curriculum (sports) for the next academic year that encourages students' overall development.

We encourage all our parents to kindly fill out the consent form and join with us to make our students stronger and healthier.

Principal

Sacred Heart Convent School, Nalimbi
